

TORs for the Development of Training Manual

AWARE Introduction:

Association for Water, Applied Education & Renewable Energy (AWARE) is a non-profit organization registered under Societies Act 1860. AWARE is working in Sindh province since last 11 years with physical presence in district Umerkot, Tharparkar, Sanghar, Tando Mohammad Khan and Badin. The focus areas are Water, Renewable energy, Natural resources Management, Livelihood and Economic Empowerment, DRR Approaches and Participatory Governance. AWARE in partnership with Oxfam-Novib under the Strategic Partnership Project implementing a project with title "Women, Marginalized Group, Natural Resource Management and Peace-Building: Unlocking the Potential" in two districts Tando Mohammad Khan and Badin in Sindh province.

Project Introduction:

The Strategic Partnership- Women and Marginalized Groups, Natural Resource Management and Peace-building: Unlocking the Potential' project aims at ensuring that women have a say in local water related peace building processes and policies and their say is considered in water related aspects. The main focus of the project, women and marginalized groups in the target districts, dependent on the water share from Akram Wah Division, will benefit as project seeks to raise the awareness, knowledge and build the capacity of the target groups about water governance and associated dispute resolution. This will be achieved through establish linkages with local water governance structures and related stakeholders for equitable representation and meaningful role in decision making processes. At policy level the project seeks to address structural inequalities faced by marginalized groups and women in particular, however, given the timeframe of the project, selective policies will be reviewed and efforts will be made to bring about positive changes for particularly women and marginalized groups at the grass root level.

Assignment:

AWARE need to develop a training manuals for the training of staff and members of the established social groups within target communities to enhance their knowledge around the peace-building process about water rights, linkages with concerned line departments, women and their rights and role in decision

making process and peaceful resolution of issues and disputes. The manual will be based on two separate sections and will be developed for training purposes for trainer as well as for grass root level water users and activists. The manual will be based on the following two topics
